equipment and engines

enhanced driving experience

Powerful sensations and driving pleasure meet exceptional performance. With an optimized vehicle weight and the flat torque curve of the turbocharged engines paired with infinite gear ratio X-Tronic CVT transmission, accelerate from 0 to 100 km/h in under 11 seconds.

Easy-to-view driving information on a sleek, contemporary 17.78 cm TFT cluster dashboard paired with multi-sense drive modes that alter steering, pedal and gear ratios (CVT), Renault Kiger adapts all to suit your driving needs.

athletic suv

The new generation Renault Kiger takes a leap forward with its robust design shaped by dynamic athletic lines. Iconic suv features are enhanced with imposing front and rear bumpers extending to the wheel arches, a ground clearance of 205 mm and functional roof bars. A modern SUV that is even more exclusive, featuring two new two-tone body colors with black roof.

The grille features the sharp design of Renault's new identity, enhanced by the distinctive and high-performance tri-octa LED headlights. The sharply designed rear lights and 40.64 cm alloy wheels add a touch of sportiness.

tech on board

Technology designed for you, featuring a 20.32 cm central touchscreen with wireless smartphone to access your favorite apps. Enjoy compatibility with Apple CarPlay® and Android Auto™. Feel the beat with Arkamys® tuned sound signature. Daily life simplified: the doors unlock automatically as you approach with the hands-free card.

Essential driving information always at your fingertips with the 17.74 cm TFT cluster digital dashboard.

Start easily without a key by pressing the start button, and to stay connected at all times, place your smartphone securely on the wireless charging dock for fast, cable-free charging.

comfortable and convenient

Functionality and comfort are reimagined with new ventilated leather front seats and a refined two-tone interior aesthetic. The carefully designed cabin space offers a class-leading roominess and space between the driver and front passenger, along with one of the best rear knee room measurements, providing up to 222 mm of comfort.

The spacious 405 L trunk provides a solution for all your trips, enhanced by an additional loading capacity of up to 50 kg on the sturdy roof rails.

Distributed throughout the cabin, up to 29 L practical and well-designed interior storage spaces.

upper glovebox

high centre console with storage

21 standard safety features

6 airbags
Six airbags offer increased protection.

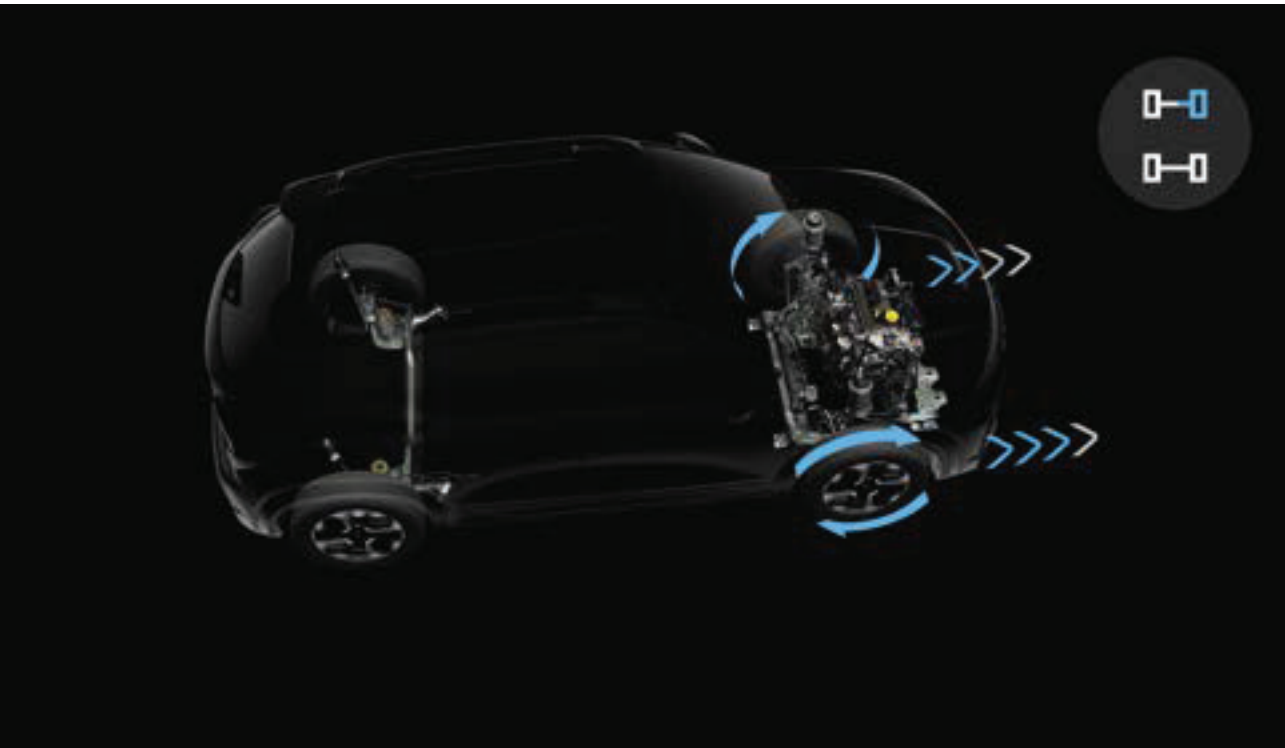

tyre pressure monitoring system
Displays the tire pressure status in real-time.

hill start assist
Maintains brake pressure for two seconds, preventing rollback when you move away on a steep slope.

electronic stability program
Automatically corrects your car's trajectory so you avoid dangerous skids.

traction control system
Limits wheel slip during starting, acceleration and braking.

anti-block braking system (ABS) and EBD with brake assist
Optimizes braking force distribution to each wheel, enhancing vehicle stability and control during braking, particularly in emergency situations. It works by ensuring that the appropriate amount of braking force is applied to each wheel based on its load and traction, preventing wheels from locking up and potentially causing a skid.

driving assistance

- anti-block braking system (ABS)
- EBD with brake assist
- electronic stability program
- hill start assist
- pedestrian protection
- speed alert warning
- speed sensing door lock
- traction control system

parking assistance

- reverse parking sensors

security assistance

- curtain airbags
- front airbag
- front seat belt reminder - driver + passenger
- front seat belts with load limiter
- Isofix
- impact sensing door unlock
- 3-point seat belt – all seats
- rear door child lock
- rear seat belt reminder
- seat belt with pretensioner (driver only)
- side airbags driver & passenger
- take-a-break reminder
- tyre pressure monitoring system
